Reference: Equipment Donation

This letter is in response to the donation of equipment to Beggs Oklahoma Police Department. As the Chief of Police and a State Certified CLEET Instructor, I want to personally thank your association. I would also like to thank your National Trainers Mike Willis and David Hinners for the concern they show for agencies such as ours.

Our agency protects 9 square miles with two small city lakes and several gravel roads. At night it is very dark in these areas that have little to no artificial light sources. The donation to our officers of the Streamlight Scorpion flashlights is a tremendous asset. These lights are being used nearly every shift by the officers.

I would also add that the donation of the first aid kits was a huge blessing, as were the traffic safety vest. Your association is doing great things to help us continue to protect the citizens and their property. If my staff or I can be of any future assistance to you please feel free to contact me.

In closing I would like to express my appreciation for Mike and David's personal efforts in providing continued training to Sheriff's Offices and Police Departments. These two trainers are professional in all aspects and I am proud to know them. I will continue to support and offer any help needed to them and the USDSA.

Sincerely,

Chief Wesley L. Fish
