RE: Appreciation for your service

This letter is in appreciation for the invaluable training you gave my department on May 23-24, 2015. I have heard nothing but positive accolades about the much needed training from my officers and staff.

With the state of law enforcement currently, your training gives officers an edge on top of the training they've already received and helps to keep officers abreast and aware of dangers that may occur, especially on a college campus. We have been fortunate not to have come in contact with a situation so serious, but I can definitely say that my officers are thoroughly prepared to face that challenge when presented.

I also appreciate your offer of donation for law enforcement equipment as it would be greatly needed when necessary.

Again, thank you for taking the time to travel to South Carolina to offer your experience and knowledge in this field. We look forward to working with you again. Feel free to contact me anytime at
