

June 2014

I am an Arkansas Constable serving the Cache Township in Lawrence County. I will begin my second two year term January 1st, 2015. As you may know, Arkansas Constables are an unfunded constitutional office. If it were not for the United States Deputy Sheriff's Association, I could in no way perform my duties. I cannot say enough to show my appreciation for this fine organization. The equipment they have furnished in the past was very beneficial to me and the public I strive to protect. The last item they supplied me was body armor fitted especially for me. That is what has made it personal, they desired to protect me. I could not afford to purchase one for myself and was forced to wear a very old and very large vest of which protection was questionable. Thank you United States Deputy Association, the people who work there, and those who invest in this great organization.

Constable Ronnie Knight
Cache Township
Lawrence County, Arkansas
