To: Mike Willis U.S.D.S.A Executive Director/National Training Director
From: Brad Clark Under-Sheriff Geary County Sheriffs Department
Subject: Letter of Appreciation **Date: 04/24/2013**

Mr. Willis,

I would like to express my sincere appreciation for all of your support and guidance in obtaining resourceful training and equipment over the years and my thoughts are echoed by members of both this new organization and my former employers at Lincoln County Sheriffs Department, Greeley County Sheriffs Department and the Grandview Plaza Police Department.

You have always made yourself available and have provided training and resources critical to perishable skills of both myself and the law enforcement officers serving under my command since 1999. To identify every time you and your organization have stepped up to the plate would require pages and pages of writing and thank you letters.

I have truly enjoyed working with you and your organization over the years and look forward to many years to come of resourceful training and equipment necessary to the constant need and mission of protecting our communities and keeping our law enforcement personnel safe.

Again, from my self and all of those here and who have worked for me in the past, thank you. This has been and will be a working relationship where your help does not go unnoticed.

Respectfully,

A handwritten signature in black ink, appearing to read 'Brad Clark', written over a horizontal line.

Brad Clark
Under-Sheriff
Geary County Sheriffs Department
