22 July 2011

To Whom It May Concern:

First I want to share our mission statement - The purpose of the Kentucky Constable Association, Inc. shall be to promote and protect the Constitutional office of the Constable within the Commonwealth of Kentucky and provide quality training and educational opportunities to Constables and their Deputies, while making best efforts for the Constable to become actively involved in civic and community organizations and activities in educating the public and to otherwise promote suppressing crime with community policing.

I Jason Rector, President and Training Director of the Kentucky Constable Association, Inc. want to offer my strongest thanks for supporting Mike Willis and David Hinners of Blue Line Survival Training in providing exceptional high quality training opportunities for Constables within the Commonwealth of Kentucky hosted through our State Constable Association training center in Louisville Kentucky on July 16-17, 2011

I hope you will continue to support their exceptional knowledge and endeavors in training law enforcement officers across the nation. We certainly look forward to having them back to host training's again in the future during a regular monthly training period as well future planning to involve them in providing training sessions during an upcoming state wide conference for Constables across the Commonwealth of Kentucky.

We do offer our training session to not just Constables but other Law Enforcement Officers as well that may be interested.

Respectfully,

Jason Rector  
[jrector@kentuckyconstableassociation.org](mailto:jrector@kentuckyconstableassociation.org)  
President  
Kentucky Constable Association, Inc.
