Mike,

We just received the equipment of Trauma bags, flashlights, Portable breath tester and traffic vest.

It is equipment that without your assistance we would not have or be able to obtain with the current budget I presently have to work with. It is greatly appreciated that you helped us with these items. I can't say enough how good your organization is. You were extremely friendly and more than willing to help. Again, thank you from all the officers and myself for your help.

Sincerely;
Mark G. Black

A handwritten signature in black ink that reads "Mark G. Black".

Chief of Police
