To whom it may concern,

On behalf of the Lincoln County Sheriff's Office I would like to extend our appreciation to your organization for the tourniquets you provided for each of our deputies. This life saving equipment is currently assigned to each of the deputies and carried on their person should they be needed.

The loss of officers is foremost in our minds as over the past few week our region of the state has had two officers killed in the line of duty. Though, in these incidents due to nature of injury, the equipment you provided would not have assisted these heroes who paid the ultimate sacrifice as did their families.

It gives me comfort in knowing that due to your assistance, I can have the peace of mind that each of the deputies serving Lincoln County have a tool which can be deployed and provide life saving measures in a rural area potentially buying them the time they need to survive an incident which without this equipment they would not have.

Thank you.
