

North Central Washington Special Response Team

Highly trained officers using specialized equipment to help ensure public safety.

Date: May 10, 2016

To: United States Deputy Sheriff's Association

RE: Flashlights and Belt Trauma Kits

As the Team Commander for the North Central Washington Special Response Team, I would like to extend our great appreciation for the equipment we received from the United States Deputy Sheriff's Association. The Streamlight flashlights will enhance our ability to clear areas for dangers to the team and citizens we serve. In the event we do receive an injury the belt trauma kits will help us to ensure we get our team member the immediate aid needed before moving to a medical facility.

Sincerely,

Sgt. Tony Hawley
NCWSRT Commander

Team Commander Sgt Tony Hawley
