To: The United States Deputy Sheriff's Association

The Pottawatomie County Sheriff's Office would like to express our gratitude to the United States Deputy Sheriff's Association for the training and equipment you have donated to us. Our members appreciated your defensive tactics training, we felt it was excellent. We were also fortunate to receive from you combat sports kicking pads and shields. This equipment will be used to continue training our members in defensive tactics. We also received medical belt trauma kits for our Deputies and a Breath Alcohol Tester. The Breath Alcohol Tester was assigned to a Patrol Deputy to assist in the apprehension of intoxicated drivers.

Thank you again for your generous contribution of training and equipment to the Pottawatomie County Sheriff's Office.

Sincerely,

Greg Riat
Sheriff
