

Sorry this email is so late but I did want to send something to thank the US Deputy Sheriff's Association for their contributions to the SC Training Officers Conference held this past October in Myrtle Beach SC. It took me awhile to open the gift pack but once I went through everything I found the Belt Trauma Kit. After some discussion with our local EMS we decided to purchase this for all our Firearms Instructors to have on the range. So all our Firearms Instructors are now trained with the BTK and hopefully we will never have to use it but again thanks for including it in your gift pack.

If we can ever do anything for your association please contact us.
