

Dear Members of the United States Deputy Sheriff's Association,

The Village of Shannon Police Department is extremely grateful for the flashlights and safety vests and trauma kits that we received from your organization. We are an extremely small rural department with limited resources. We have already begun using some of the items which are proving to be quite valuable.

Attached are photographs of two of our members with these items.

Respectfully,

A handwritten signature in black ink, appearing to read 'Rick Cass', with a long horizontal line extending to the right.

Rick Cass  
Chief of Police
