United States Deputy Sheriff's Association,

On behalf of the West Mahanoy Township Police Department I would like to thank you for the recent equipment donation. This donation consisted of Individual Trauma Kits and Tactical Flashlights for each Officer and a Preliminary Breath Test Instrument. The equipment has already been issued and placed in service, and the Breath Test Instrument has already been utilized on several occasions.

This equipment allows the Department to take a proactive stance in providing for the safety of our Officers during this difficult time of increasing violence towards Law Enforcement and ever tightening budgets. While we all hope that the Individual Trauma Kits never need to be used, it does provide a sense of security knowing that the equipment is available.

This equipment also allows the Department to more efficiently conduct patrol and enforcement activities. There are many occasions where a flashlight is needed and the compact size of the donated lights makes them extremely useful. The breath test instrument is also a tremendous upgrade to the device that was previous assigned to one of our patrol vehicles. It replaces a device on loan from our Highway Safety Network that was manufactured in 1998.

Thank you again,

John Kaczmarczyk  
Patrolman  
West Mahanoy Township Police
