February 9, 2021

Mr. Mike Willis

United States Deputy Sheriff's Association

National Training Director/Law Enforcement Program Coordinator

Dear Mr. Willis,

Thanks so much for your generous donation of three PBT's to the Choctaw Police Department. The department did not currently have any portable breath tests, I am confident all three will be put to good use. The PBT's will be a great asset daily as well as to the officers working our traffic safety grant program.

I will forward photos of the officers using them in the field soon. Again, on behalf of the officers at the Choctaw Police Department I appreciate your generosity.

Respectfully,

Chief Kelly Marshall
