Subject: Ballistic Shield and Two (2) PBT's

---

Dear Sir,

I would like to take this opportunity to thank your organization for the equipment we received from you on the grant that was wrote by Officer Chris Edwards.

As a small agency our budget is limited in the purchasing of equipment such as this. This will be the first ballistic shield to the best of my knowledge that this department has ever had to deploy and is certainly a valuable tool for the safety of the officers when executing entries on search warrants etc...

The PBT's are an excellent field tool to combat motorists under the influence of intoxicants and they will be greatly appreciated by the officers.

Thank You for supporting Law Enforcement as your Association is greatly appreciated.
